**D S RAWAT**  
Secretary General

June 30, 2016

Dear Shri Srivastava Ji,

**International Conference**  
**ROADTECH**

**Sustainable Roads and Highways**

**Role of New Technologies, Value Engineering in Construction, Maintenance & Safety**  
**August 12, 2016 - Hotel Le-Meridien, New Delhi**

India is having one of the largest road networks of over 52.32 lakh km. It comprises National Highways, Expressways, State Highways, Major District Roads, Other District Roads and Village Roads. Roads in India transport over 60 per cent of all goods and 90 per cent of total passenger traffic. The roads and bridge infrastructure industry is expected to be worth US\$ 19.2 billion by FY17.

Highways Sector is critical for emerging economies like India, due to existing infrastructure gaps and enhanced transportation requirements. The capacity of National Highways in term of handling traffic passenger and goods needs to be in keeping pace with the industrial growth. Sustainable roads and road safety need to be integrated in all phases of planning, design, and operation of road infrastructure. Road safety management capacity, road infrastructure and enforcement of traffic safety regulations have not kept pace with the development. New technologies and value engineering can play major role in making Roads and Highways sustainable and safe.

Therefore, with the objective of discussing various issues and opportunities in Roads and Highways sector, ASSOCHAM is organizing an International Conference on "ROADTECH - Sustainable Roads and Highways – Role of New Technologies, Value Engineering in Construction, Maintenance & Safety" at 10:00 AM on August 12, 2016 at Hotel Le-Meridien, New Delhi. The conference will be attended by large number of national and international stakeholders and will focus on making Roads and Highways sustainable.

In view of the importance of the subject, we shall be grateful if you could kindly address the participants at the Conference on August 12, 2016 at Hotel Le-Meridien, New Delhi. We would also request your state to be "State Partner" for the conference as per details attached for your kind reference. Your presence and support a long way in making our endeavour a grand success. We hope and trust that our request will merit for your kind consideration.

Looking forward to hearing from you and with kind regards,

Yours sincerely,

  
(D S Rawat)
