Dear Sir,

प्रमुख अभियन्ता
आपकी सं. 2398
दिनांक 20/2/2017

CEAI is glad to announce its next Training Course on "Practical Use of the FIDIC Contracts" to be held on **7-8 March 2017 at Bengaluru and 9-10 March 2017 at Chennai**. The Brochure and the Registration Form are attached for your kind information and necessary action.

The training would be conducted by Mr Malith S. Mendis from Sri Lanka, an accredited FIDIC Trainer and FIDIC trained Adjudicator. He is a member of Dispute Resolution Board and Country Representative in Dispute Resolution Board Foundation. In addition he is fellow and member of many committees in Sri Lanka, UK and USA. He had many Honorary positions as President and Chairman in various associations and immediate Past President of Association of Consulting Engineers, Sri Lanka.

The two days training course is aimed at providing a broad insight into Project Contracting Strategy, Key Areas for Management of Projects, Financial Aspects, Risks, Claims and Management of Disputes as per FIDIC documents.

As you may be aware that Consulting Engineers Association of India (CEAI) is an apex body of consulting engineers in India, represents the Indian Engineering Consultancy profession at the international level ie. International Federation of Consulting engineers (FIDIC) and are authorized to issue certificate on completion of FIDIC training.

We do hope that this programme will be of use to your contracts, project planning and execution department at various project sites and that you will depute a few delegates for this prestigious training programme.

We look forward to hearing from you.

With regards,

L D Gupta
Director

ABOUT ORGANISER - CEAI

Consulting Engineers Association of India (CEAI) is an apex body of consulting engineers of about 500 members comprising consulting engineering organisations both private and public sector firms and eminent engineering consultants. It is the only member association representing the Indian engineering consultancy fraternity at the International Federation of Consulting Engineers (FIDIC), Switzerland the global forum of consulting engineers. The mission of CEAI is to promote consulting engineering profession nationally and internationally and upgrade engineering knowledge and skills.

Masterbuilder, our media partner and associate for the programme is managing all Logistics and coordinating with local authorities.

The FIDIC 1999 Conditions of Contract are being used the world over where multi-lateral development banks provide the funding. With a number of large and complex projects going on in the country and also in the offing, coupled with a highly competitive arena in which the consultants, contractors and vendors have to provide their services, it is necessary that each party to the contract is clear about their rights as well as their obligations. For this to be so, it is imperative that project personnel of each party understand the implications of each clause of the contract and take timely action of the due performance and implementation of their obligation under the contract for the proper and effective progress of the project and to avoid any issues which can adversely affect any of the parties or the project.

In a contract some documents serve as general guidelines where as others are specific. This differentiation and the implications must also be understood by the parties concerned.

The training course will serve to explain and illustrate how to use the FIDIC Conditions of Contract, administer and manage it.

OBJECTIVE

FACULTY: Mr. MALITH S. MENDIS

Mr. Malith S. Mendis received his Bachelor of Engineering degree in Civil Engineering and Master of Science (Engineering) degree from University of Liverpool, U.K.

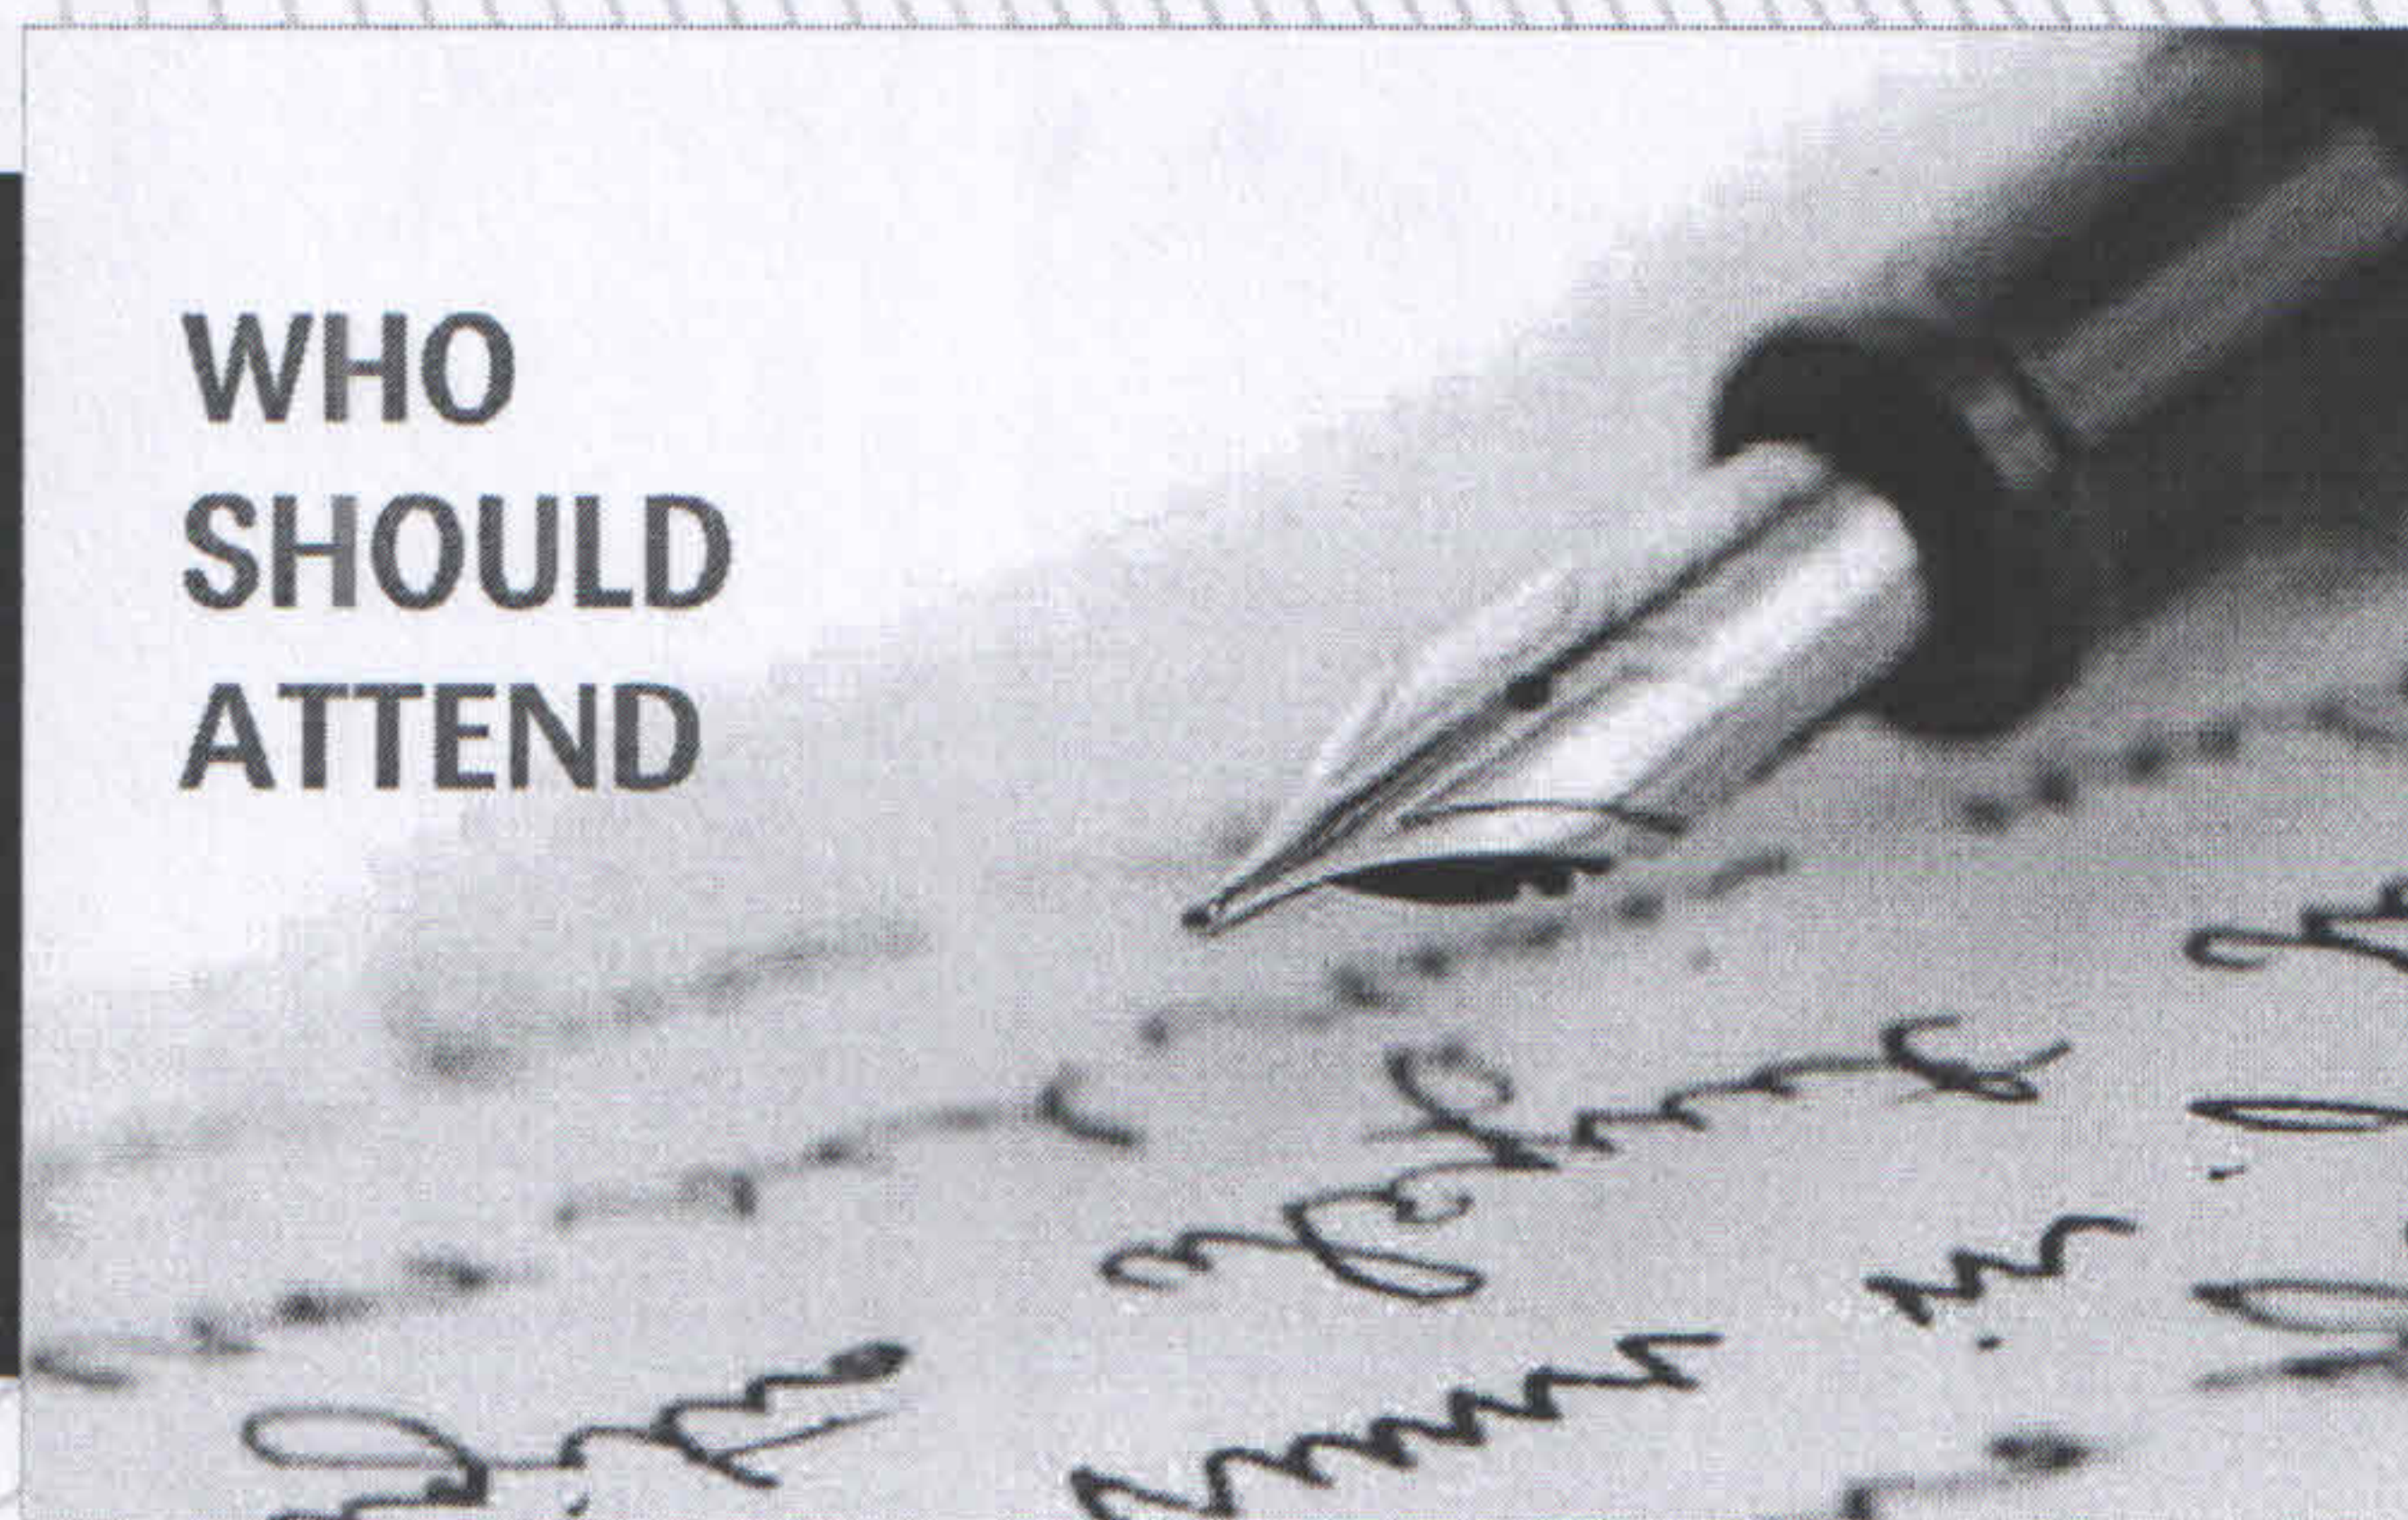

Mr. Mendis is FIDIC Accredited Trainer and FIDIC trained Adjudicator. He is a member of Dispute Resolution Board and Country Representative in Dispute Resolution Board Foundation. In addition he is fellow and member of many committees in Sri Lanka, UK and USA. He had many Honorary positions as President and Chairman in various associations and immediate Past President of Association of Consulting Engineers, Sri Lanka.

Mr. Mendis has more than 30 years experience in Design, Project Management and Contract Administration in large and complex projects in many countries.

He has conducted extensive contract workshops and training courses on FIDIC Conditions of Contract in Sri Lanka, Maldives, Timor Leste, Brunei, Fiji, Seychelles, Samoa, Solomon Islands and Nepal.

♦ Consulting Engineers ♦ Architects ♦ Quantity Surveyors
 ♦ Contractors / Sub contractors ♦ Central and State
 Government departments/Ministries involved in projects
 ♦ Owners ♦ Funding agencies ♦ Insurers ♦ Construction
 professionals ♦ Lawyers' ♦ Executives of PSUs of
 Infrastructure Sector ♦ Builders / Developers / Suppliers

WHO SHOULD ATTEND

PROGRAMME SCHEDULE

DAY 1

FIDIC Contract Documents: Introduction and Principles

- ♦ Introduction to FIDC
- ♦ Background to FIDIC Contracts
- ♦ Harmonisation based on the Type of Project
- ♦ Features of the 1999 Editions
- ♦ Structure of the Documents
- ♦ Forms
- ♦ Main Differences between the 1999 Construction Contract and the 1987 Red Book
- ♦ The FIDIC Conditions of Contract for Construction Multilateral Development Bank Harmonised Edition June 2010
- ♦ User Friendliness
- ♦ Preparation of Conditions of Contract
- ♦ The Legal Character of FIDIC Conditions of Contract
- ♦ Relationship between FIDIC Conditions of Contract and Legal Systems
- ♦ Risk Analysis
- ♦ Which form to use?
- ♦ Overview of the 1999 Contracts

* Construction Contract

* Main Differences between the Construction Contracts

Responsibilities of the Main Parties

- Clause 1 - General Provisions and General Issues
- Clause 2 - The Employer
- Clause 3 - The Engineer
- Clause 4 - The Contractor
- Clause 5 - Construction Contract: Nominated Subcontractors
- Clause 5 - Plant and Design-Build Contract: Design

Management of Projects

- Clause 6 - Staff and Labour
- Clause 7 - Plant Material and Workmanship
- Clause 8 - Commencement Delays and Suspension
- Clause 10 - Employer's Taking Over; Defects Liability

DAY 2

Tests on Completion

- Clause 9 - Tests on Completion
- Clause 11 - Plant Contract: Tests after Completion

Financial Clauses and Procedures
