Subject: Minutes of the meeting held by Secretary (Coordination) with Chief Secretaries and Representatives of UTs.

At the outset, Secretary (Coord.) informed that the meeting was being held as per the directions of the Hon'ble Prime Minister to examine all the special initiatives mentioned by the Union Territories before him for replication in all the UTs in a timebound manner. In this regard, the following special initiatives mentioned by the UTs were taken up:

Union Territories	Initiatives taken by them
Chandigarh	i) Abolition of Fair Price Shops. ii) GST Rath for outreach to small traders for migration to GST.
Delhi	Online sanction of building plans.
Dadra & Nagar Haveli and Daman & Diu	i) LED streetlights. ii) 100 per cent migration to GST.
Puducherry	Use of private Specialists in Government hospitals for better use of infrastructure.
Andaman & Nicobar Islands	Conservation of aboriginal tribes.

2. During the discussions, the initiative relating to the "conservation of aboriginal tribes", was felt to be unique to the situation of Andaman & Nicobar Islands and as such was not seen as having general applicability for other UTs.

3. On the "abolition of Fair Price Shops", it was felt that it could be potentially relevant to Delhi which has a concentrated urban population with similar availability of supplies as Chandigarh. The other UTs being islands and having remote locations may still require Fair Price Shops under PDS for ensuring physical availability of

supplies. CS, Delhi was of the view that since it is a sensitive matter, it needs to be checked with higher levels in the Government of Delhi.

4. On the initiative relating to mounting the GST Rath, CS, Delhi stated that the objective of 100 per cent migration to GST is being achieved and as such there may not be a need for a GST Rath. This view was supported by other Chief Secretaries and representatives of UTs also, on the ground that their conditions are different from Chandigarh. Secretary (Coord.) observed that there was a need for outreach on GST and GST Rath being a method of outreach, it could be utilized by other UTs with suitable modifications.

5. Secretary (Coord.) also reiterated to all UTs the need to achieve 100 per cent Aadhaar seeding under all DBT schemes within one month. CS, Delhi stated that for Central schemes this would be feasible, but for UT Schemes, more time may be required. However, Secretary (Coord.) stressed that 100 per cent Aadhaar seeding and de-duplication for all schemes in UTs needs to be achieved within one month.

6. After discussions, it was agreed that all the UTs will pursue the initiatives with the following time frames:

Special Initiatives by UTs	By
100 per cent Aadhaar seeding under DBT and de-duplication	15th August, 2017
GST Rath and outreach and 100 per cent migration to GST	15th August, 2017
Online sanction of building plans	26th January, 2018
100 per cent LED streetlights	26th January, 2018
Use of private Specialists in Government hospitals	26th January, 2018

For implementing the initiatives, the other UTs may consult with and use as a resource the one UT that has already implemented each of the initiatives.

7. In the end, Secretary (Coord.) thanked all participants and informed that Cabinet Secretary will review the progress on these initiatives shortly.
