No.12 (84)/2017-DPD

New Delhi : 05.06.2017

NOTIFICATION

Subject: BHIM (Bharat Interface for Money) Referral Bonus Scheme for Individuals.

1. **Background and Objective**
 - 1.1 The Digital India Programme envisions transforming India into a Digitally empowered society and knowledge economy by making available digital infrastructure, digital governance and digital services to every citizen. Promotion of a digital payments ecosystem is a natural extension of the Digital India programme and has the potential to transform India's economy by formalization of financial transactions.
 - 1.2 Financial inclusion is one of the foremost challenges for India Digital payments promises access to formal financial services and benefits from e-commerce, especially for those who continue to be excluded. Despite significant progress in bank-led payment systems, there remains a vast gap in the availability of basic payment services. Adoption of technology can transform the country into a cashless economy.
 - 1.3 Finance Minister in his Budget Speech on February 1, 2017 had announced "a target of 2,500 crore digital transaction for 2017-18 through UPI, USSD, Aadhaar Pay, IMPS and debit cards."

1.4 In the promotion of digital payments, referral schemes are widely used to promote adoption of a new facility that is launched in the market, including mobile applications, and have proved effective. Hence, to promote BHIM amongst citizens a Referral Bonus scheme is being launched.

1.5 The scheme is intended to incentivize an existing user of BHIM to bring new users on the BHIM platform and encourage the new user to do transaction using BHIM with other users or by referring new users on BHIM. The objectives of the scheme are twofold, viz.:

2.3 The bonus will be paid to both the referrer and the new user of BHIM (referee) and the referral will be considered successful only after 3 successful financial transactions (to any valid UPI user – “valid receiver”) performed by the referee.
