Sir

This is to the notice of your office that Delhi Government / PWD Department has been disbursing / utilizing funds for contracts / procurements from specified budget heads as part of the full tenders or otherwise.

Funds for the tender projects are also being managed by the Drawing and Disbursement Officer (DDO) of your department under the treasury head of SCSP (Scheduled Castes Sub Plan) while no SC organization or society is involved in this whole process. These budget / treasury heads are in Annexure A.

We are the SC organization registered and seek the relaxation in eligibility criteria for the simple reason that no SC organization has ever been involved so far.

Just for the justification of utilization of funds out of SCSP we, hereby submit and offer our role and participation to your office.

Your office is therefore, requested to convey this request to the appropriate agencies and authorities in Delhi Government.

Thank you very much
Sincerely yours

Umesh Babu

Dear Sir,

Subject: Development of Tatpar Delhi Police app and provisioning of standardised single mobile platform to other States- reg.

You would be glad to know that Tatpar, a Mobile Application Platform, has been designed and developed by National e-Governance Division (NeGD), MeitY as per the requirements of the Delhi Police. This Mobile App is a first of its kind that has amalgamated 45 applications / services (**Annexure-A**) on a single platform and is at a mature level for rollout. Some of key services being rolled out under Tatpar include SOS, helpline numbers, filing of e-FIRs, real time Traffic alerts, location-based information and navigation to jurisdictional police station.

2. Tatpar Mobile Application Platform has common functionalities and features and can be easily customized for other States of the country for delivery of Police services. MeitY would be happy to provide necessary technical support.

With regards,

Yours sincerely,

09th September 2019

Dear Shri Dev

This is a continuation to my previous letters of 24th August, 31st August and 5th September 2019, on your State's preparedness to successfully organize the Swachhata Hi Seva 2019 campaign.

2. You are aware that the theme of this year's Swachhata Hi Seva (SHS) is Plastic Waste Management. To reiterate the timelines, the campaign has three parts:

- From 11th September to 1st October: Large scale awareness for plastic waste management, as well as general shramdaan for swachhata
- 2nd October: National mass shramdaan to collect plastic waste
- From 3rd October till 27th October (Diwali): The collected plastic waste will then be effectively recycled and disposed

3. The States and Districts are to lead this campaign.

As you know, the Prime Minister has written individual letters to Sarpanches and Swachhagrahis to lead the jan andolan on the ground. All letters are presently being emailed to District Collectors, who are requested to print the letters for the intended recipients and ensure the delivery of the same. Additionally, on 11th September i.e. the first day of the SHS campaign, the Sarpanch (or the Sarpanch equivalent in your State) may read out this letter in an open meeting (Gram Sabha) and initiate community-led plastic waste management activities. You may also ensure that all GPs organize a public screening of the Prime Minister's speech at the launch event at the said Gram Sabhas. The speech will be telecast live on Doordarshan at 11am on 11th September. A separate communication to District Collectors is also being made in this regard.

In continuation of my letter to you on 24th August 2019, I would also like to reiterate that the District Collector shall be the nodal authority to coordinate all SHS 2019 activities in their districts, and may personally lead the campaign and ensure that all GPs perform intensive shramdaan on 2nd October for plastic waste collection. They may also coordinate with the municipal corporations in their district for the safe disposal of their collected waste.

All the collected waste may be aggregated at block, district centres or Urban Local Body (ULB) centres. The Collectors are to ensure the segregation of the collected waste into recyclable and non-recyclable plastic waste. This may then be safely disposed through recyclers and aggregators in ULBs, in road construction, and in cement kilns, all of whom have received instructions from their respective nodal Ministries.

13/9/19 DA

4. I request you to appoint a nodal officer from your State, of the rank of Secretary/Principal Secretary, to coordinate all SHS 2019 related activities and the transportation of the collected plastic waste for disposal, with the following key Ministries:

- Ministry of Road Transport and Highways (NHAI, NHIDCL) to use plastic waste in road construction across your State
- Department for Promotion of Industry and Internal Trade to use plastic waste in cement kilns
- Ministry of Rural Development to use plastic waste in rural roads under Pradhan Mantri Gram Sadak Yojana

5. Additionally, the nodal officers may also coordinate with other Ministries for collection of plastic waste, like Ministry of Railways and Ministry of Panchayati Raj. Please share the details of your nodal officer with the nodal officers of this Department:

- 1) Shri Arun Baroka, Additional Secretary, DDWS (arun.baroka@nic.in, +91-9818104079)
- 2) Shri Dhiraj Singh, Director, DDWS (dhiraj.s70@gov.in +91-9999996104)

6. In my letter to you on 31st August 2019, we had shared suggestions for rolling out massive Information, Education and Communications (IEC) and mass/mid media campaigns. I am also reattaching the two Annexures with these suggestions and collaterals for your ready reference to pass on to Districts as well.

7. Lastly, I request you to ensure that all your districts upload their action plans for SHS 2019 immediately, and report progress on a regular basis on all phases of the campaign on the following portal: <https://swachhbharatmission.gov.in/SHS2019/>

8. I urge you to personally lead the cause and look forward to great mobilisation on the ground under your leadership for making SHS 2019 a successful jan andolan.

Yours Sincerely

mass movement but at the same time we have to think of the alternate systems. I will request all shopkeepers along with many sign boards in your shop please also put another one exhorting customers not to use plastic bags; that they should instead bring their own cloth bags or buy cloth bags for carrying their goods. Let us create an environment. We generally give gifts to people on Diwali. Why not pack those gifts in cloth bags this year and every time? If people go to market with cloth bags, that will be an advertisement for your company too. If you give a diary or calendar nothing will happen. But if you give a bag, that will be a medium of your advertisement. It should be a jute bag. It will help farmers. The cloth bag will help famers. These are all small things. It will help poor widows who are into sewing. Our small steps can change the lives of ordinary people and we have to work towards that.

Relevant lines from Mann Ki Baat (25th Aug, 2019) which can be adapted for spots purpose

(30 seconds to 1 minute spots).

1. *You may remember that for the last few years, we have been running a countrywide campaign 'Swachhata Hi Sewa', 'the quest for cleanliness is service', around a couple of weeks before the 2nd of October. This time around it will commence on the 11th of September. During this period, all of us will move out of home, donating toil & sweat through 'Shramdaan', as a 'Karyanjali' to Mahatma Gandhi. Home or the neighbourhood lane, street circles, crossings, or drains, schools and colleges ... we have to involve ourselves in a Mega campaign of ensuring cleanliness at public places. This time our emphasis must be on plastic.*
2. *This year, on the 2nd of October, when we celebrate Babu's 150th birth anniversary, we shall not only dedicate to him an India that is Open Defecation Free, but also shall lay the foundation of a new revolution against plastic, by people themselves, throughout the country. I appeal to all strata of society, residents of every village, town & city, take it as a prayer with folded hands; let us celebrate Gandhi Jayanti this year as a mark of our plastic free Mother India.*
3. *Let us celebrate 2nd October as a special day. Let us celebrate Mahatma Gandhi's birth anniversary as a special 'Shramdaan' Festival, where everyone will donate one's own labour. I urge all municipalities, municipal corporations, District Administration, Gram Panchayats, Government & non Governmental bodies, organizations; in fact each & every citizen to work towards ensuring adequate arrangement for collection & storage of plastic waste. I also appeal to the corporate sector to come out with ways & means proactively for appropriate disposal of all accumulated plastic. It can be recycled; it can be transformed into fuel. This way we can accomplish our task of ensuring safe disposal of plastic waste before this Diwali. All that is needed is a resolve. And for inspiration, there's no need to look hither- tither; what can be a greater inspiration than Gandhi?*

Excerpts from PM's Independence Day speech (15th August, 2019) (30 seconds to 1 minute spots).

1. *I had spoken about Swachhata in 2014 from this Red Fort. I am confident that within next few weeks of 2019 itself India will declare itself Open Defecation Free. States, Villages, Municipalities, Media, everyone has started Mass-Movement regarding ODF. The government was nowhere to be seen, people participated in the mass movement and the results are quite evident. My dear countrymen, I would like to put forward a small request to you. On this 2nd October can we make India free from single- use plastic? Let us move around, form teams and move out from home, school, college. Remembering revered Babu, we should move out of home collecting single-use plastic from homes, streets, chowks, and drains. Municipalities, Municipal corporations, Gram Panchayat should make arrangements to collect single-use plastic. Can we take first big step on 2 October, towards making India free from single-use plastic?*
2. *Come my countrymen, let us take this forward. I will request start-up organizations, technicians and entrepreneurs to see what we can do to recycle this plastic? Plastic is being used in making highways. Many such remedies can be there. But to get rid of such problems we have to initiate*
