प्रमुख अभियंता  
Engineer-in-Chief

No.E-in-C/PWD/00/2021/1728

Dt: 22.06.2021

### Office Order

It is enjoyed upon all the concerned executive staff of PWD to pay special attention to drainage of rain water from all the vulnerable locations particularly from the underpasses. In rainy season, vulnerable points as well as under passes should be manned round the clock and it should be ensured that all the pumps start immediately. If the depth of the water below underpasses increase more than 20cm., the traffic from both the sides of underpass may be stopped with the help of traffic police to avoid any accident. It will be the responsibility of the concerned Executive Engineer in charge of pumping stations to provide the phone numbers of concerned traffic police officials at pumping stations and should sensitize the staff deployed at the vulnerable points to immediately inform traffic police to stop traffic.
