F. No. E-in-C/PWD/Dir.(W)/OO/2022/ 784 (E)

Dated: 11th March, 2022

OFFICE MEMORANDUM

It has been noticed that at many places footpath have been encroached by shop owners and residents living besides it by constructing steps or ramps on the footpath for access to their property. Any construction by a private individual within the ROW/footpath is not permissible and the access structure i.e. ramp/step should be made by private individuals within their property line.

The ramps/steps on footpath create obstruction to movement of pedestrians and specially to persons with disabilities. It is therefore directed that the matter should be referred and taken up with concern authorities i.e. MCD, STF and district administration for removal of such encroachment and take necessary measures to make the footpath pedestrians and disabled friendly.
