1. Pending Estimates:

All pending estimates/schemes which lying pending with PWD for complying the observations of PWD Sectt./Finance Dept/EFC etc. for quite some time are to be expedited. The same should be put up within a week to PWD Secretariat through Engineer-in-Chief after complying the observations.

2. VIP References:

It is observed that VIP references marked to Chief Engineers/CPMs/PMs either by this office or by Pr. Chief Engineer (M) or Pr. Chief Engineer (P) offices are not being replied to the VIPs intimating the status and action taken on the issue raised by the VIP. Hence, all the Chief Engineers/Chief Project Managers/Project Managers are requested to reply the VIP references within a week directly, under intimation to this office are ensure timely actions on these references.

3. Preparations for upcoming visit of Heads of ASEAN Countries on the eve of Republic Day:

The programme prepared for refurbishing & beautifying PWD roads in view of the upcoming visit of the Heads of Asian Countries may be taken up on war footing by strengthening/resurfacing/repairing road stretches and filling the pot holes along with repair of the central verge, footpath, drains, etc. It may be ensured that all the roads & bus lanes are properly marked following the latest IRC standards either by thermoplastic paint for roads already strengthened or resurfaced or through road marking paint. The road safety measures like road reflective delineators, cat eyes, bollards and other Road Safety fixtures may be installed immediately for safety of road users during night.

4. Pollution:

Hon'ble Lt. Governor and Hon'ble Chief Minister are pressing hard for taking preventive steps to curb pollution. It has been observed that measures to curb the generation of dust at construction sites are not being taken properly. It may be ensured that all the guidelines issued in this regard by CPWD/Environment Deptt. or Central Govt. Departments should be followed while carrying out construction at site. The direction of Hon'ble Prime Minister for end to end paving of the entire right of way should be complied wherever possible, otherwise the area which cannot be paved or shown should be properly maintained as a Green Cover.

5. Horticulture & Landscapping of PWD Roads:

The Hon'ble Chief Minister of Delhi has regretted the presentation on greening programme on PWD roads and showed his dissatisfaction in this regard. Hon'ble Chief Minister desired that the important roads should be taken up for horticultural landscaping work just like the work carried out on IGI Airport. In the first phase, some of the important roads should be taken with a target of six months. All field Chief Engineers should invite bids for making the PWD roads at par with IGI Airport in two bid system including maintenance of horticulture and landscaping work for 5 years on comprehensive basis from the specialized agencies with eligibility criteria of 70% marks for eligibility in technical bid. This work should include cleaning of central verge/foot path by removing all the muck and poly bags, etc., thrown by the commuter on PWD roads.

6. Ownership of work of other disciplines:

The CEs/CPMs/PMs are the head of their jurisdiction/project and they should take ownership of other disciplines in regard to work execution so that there is no issue of coordination and the desired results of the comprehensive project are achieved.

This issues with the approval of the Engineer-in-Chief, PWD.
