New Delhi.

Subject: -

Visit of Hon'ble Prime Minister of India at Durbar Hall, Hotel Taj Diplomatic Enclave - reg. audit/inspection of construction of temporary structure and electrical fittings and issuance of certificate of stability.

It is stated that MHA vide letter No. VI.23014/10/2014-VS, dated 05.06.2017, has amended in the laid down security norms and procedures for making security arrangement at the place of visit of Prime Minister of India. Now provision has been made that CPWD/PWD will associate with the process of erection/fabrication of temporary structures i.e tent, stage, dais backdrop, overhanging structure arrangements/structures, including other electrical/equipment etc., from the initial stage to supervise and assess their structural stability and furnish a certificate (as enclosed) in this regard. Similarly, Fire Safety Department of State/UT Govt. shall examine and furnish a certificate regarding fire safety.

For the compliance of the guidelines of the MHA regarding VVIP security, it is necessary that CPWD/PWD and Delhi Fire Department officials should visit the place of function and carry out the inspection/audit of the work from the initial stage and guide the organizer for taking all precautionary measures.

In view of above, it is requested that necessary directions may be issued to concerned officer to inspect the place of function for undertaking **Structural Stability Audit** of all temporary structures and electrical works and **Fire Safety Audit** to guide the private contractor/organizer/event manager to follow all the standard procedures and norms from safety point of view. After the completion of work, the certificates of stability of existing structures, all temporary constructed structures, electrical works and fire safety may be provided as per the Proforma (as enclosed) issued by MHA.

Yours faithfully,

(A.K. SINGH), IPS

DY. COMMISSIONER OF POLICE:
SECURITY (PM): NEW DELHI.
