Shri Rakesh Kumar Agrawal

Engineer-in-Chief

Public Works Department

Dear Shri Rakesh Kumar Agrawal,

As you all are well aware, a prominent thrust area of IAStructE is to ensure that the structural engineering fraternity in general and its members in particular, have the requisite technical knowledge and experience, updated on a continuing basis, to render professional service of high caliber to the society. A programme of continuing education of practicing structural engineers in the design and practice of structural engineering has been formulated and is being implemented religiously.

In the recent past IAStructE successfully organized four Refresher Courses on "Prestressed Concrete Design" during September - October 2016, on "Earthquake Resistant Design of Buildings" during August - November 2017, on "Bridge Foundation Design" during January - February 2018 and on "Design of Tall Buildings" during April - June 2018, where many stakeholders participated actively. We have received very positive & encouraging feedback from participants of the previous courses.

Under this programme, IAStructE is organizing Refresher Course on "Concrete Bridge Design Using Code of Practice for Concrete Road Bridges (IRC 112)" starting from 18th August 2018, which will be concluded on 06 October 2018. It will be a 24 Hrs course (12 lectures of 2 hours each). The lectures will be held on every Saturday morning from 9.00 AM to 01.15 PM (with 15 mins. Tea break in between). The venue shall be PHD Chamber of Commerce & Industry, PHD House, 4/2 Siri Institutional Area, August Kranti Marg, New Delhi 110016. There will be an expert faculty for each lecture. Course participation fee shall be Rs.10,000/- for non-members and Rs. 7,500/- for IAStructE members and IRC members. Group discount of 10% shall be available in case there are more than 3 number of participants from the same organisation. The Flier giving more details along with the Lecture plan and Registration form are attached herewith for your kind information. Prof Mahesh Tandon, Governing Council member IAStructE shall be Course Coordinator of this Refresher Course.

We wish to inform you that the seats are still available. You are therefore requested to quickly nominate engineers from your organization as well as send your registration form duly filled in along with the requisite fee to reserve the seats, to the Indian Association of Structural Engineers (IAStructE), New Delhi at the address given below or through email. Please note that the registration shall be done on first come first serve basis.

Mr Vikas Verma, Manager
