Dear Shri R K Aggarwal,

प्रमुख अधिकारी

आवक सं. 11390

Indian Concrete Institute has been organising every five years since 1993 an event titled **"Innovative World of Concrete (IWC)"** in different parts of Country. The last one was held in 2013 at Hyderabad and in 2008 at Delhi-NCR. Being highly technical event related to Concrete, which is mother structural material of almost all modern infrastructure, as a result CPWD/ State PWD officers had been taking keen interest by participating in large numbers.

This event of 2018 called as IWC-2018 (presentation attached including its brochure) is being organised at Bangalore. This is a mega event marked by **"International Conference on Innovations in Concrete to meet Housing and Infrastructure Challenges"** from **19-22 Sept 2018 at NIMHANS Convention Centre, Bangalore**, wherein plenary and parallel sessions on varied specialist topics would be conducted. These shall have presentations from International as well as lead experts of the Country. The confirmed names of some are given in the brochure.

My understanding is that young and enthusiastic officers from Civil and architecture shall definitely take a cue for introducing technical innovations in execution of projects in Delhi PWD. Thus, it would help in ensuring that Delhi PWD actively contributes with innovative technologies in development of National Capital's infrastructure.

Therefore, I would request you to please nominate a contingent of Delhi PWD officers to avail full advantage of this rare opportunity available at Bangalore

**Anil K Sharma, Chairman,
Indian Concrete Institute - UP West Ghaziabad Centre**
