**Subject: Nomination of Delegates for 23<sup>rd</sup> Annual Convention & National Seminar "Rapid Building Construction-Emerging Technologies" to be held on 28-30 December, 2018 in Patna.**

Sir,

Indian Buildings Congress (IBC) is organizing its 23<sup>rd</sup> Annual Convention along with National Seminar on "Rapid Building Construction-Emerging Technologies" on 28-30 December, 2018 in Patna. Invitation Brochure containing detailed programme would be circulated in due course.

High expectations of masses and requirement of government for providing built environment in a short time has forced technocrats engaged in design and construction of civil infrastructure to revamp their roles in the delivery process and look for alternative fast and cost effective solutions using new processes. This calls for taking meaningful steps to promote development with quality assured technologies so as to make it available to vulnerable sections of the society. This also necessitates research and development activity in the field to enhance availability of built environment through rapid construction. Rapid construction is a systematic approach to deliver projects with complexity in construction within the parameters of limited time schedule, contract agreement, approved construction method and to client satisfaction. There is dire need for paradigm shift in approach by introducing alternate fast track construction practices. Researchers worldwide have made significant efforts to find sustainable and fast track affordable technologies. World over different material and construction techniques, mostly factory made in controlled quality environment are used to meet such challenges.

The main purpose of this seminar is to bring together researchers/academicians/industries in the field to discuss major challenges, emerging technologies and the best practices. Discussions are planned to be held on sub-themes, viz, Design Concepts & Technology for Speedy Construction; Prefabricated Construction; Emerging Technologies for Rapid Multistorey Construction; and Case studies.

Nominations for participation are invited to enrich the deliberations. It is suggested that in addition to officers whom your Department may like to nominate to attend this Session, the official delegation may include:

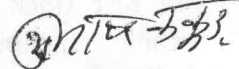

- a) Authors of Papers whose Papers are accepted for presentation during the Session. The inclusion of Authors in delegation will not only enable them to present their views at the time of discussion, but will also greatly encourage them to make similar contributions in future.
- b) Members of Governing Council of IBC, which is scheduled to meet during the Session.
- c) Officers working in your Department / Organization who have meritoriously contributed towards completion of prestigious Building Projects magnificently for dissemination of the information for general awareness.
- d) In order to provide equal opportunities to various level officers, CE/SE/EE/AE/JE may proportionately be included in the delegation.

Registration fee is Rs.3000/- per delegate. GST @ 18% will be extra. However, Life Members of IBC are treated as free delegates. The payment of registration fee for nominated delegates may kindly be made through Demand Draft drawn in favour of 'Indian Buildings Congress' payable at New Delhi.

It is requested that the list of nominated delegates containing names, designations and full addresses of delegates including Email ids may kindly be intimated to IBC's HQ before 20<sup>th</sup> December 2018. For faster communications, emails may be sent to [info@ibc.org.in](mailto:info@ibc.org.in)

For latest update, please visit IBC's website: [www.ibc.org.in](http://www.ibc.org.in).

Yours faithfully

(S.C. Kakkar)

Deputy Secretary (Admn)
