**INSPECTION REPORT OF SARVAGYA KR. SRIVASTAVA, CHIEF
ENGINEER IN RESPECT OF BUILDING PROJECT ZONE, B-2**

DATED 31.3.2014

Inspected the work of surrounding areas of new OPD Block in LNJP Hospital with PM, B-23 and other officers of PWD. Held discussion with MS, LNJP regarding lay-out of connecting passage between the new building and the Radiology block and MS Office.

It was decided to provide connection through the gate of the new OPD building and remove existing passage which comes in the alignment of the peripheral road being constructed for movement of fire tender. It was also decided to provide canopy at sufficient height (so that fire tender could pass through it) in front of the gate so that the passage from the gate of the building to the corridor is covered from sun and rain. This structure would be steel with polymer quoted sheet in red colour having tile finish so that it could merge smoothly with the façade of the new building.

Reviewed the progress of work of construction of connecting corridors in GB Pant Hospital. PM, B-23 should immediately assess the efforts being made by the agency and take action regarding rescission of the contract, if required, as work has been delayed for very long.

(Sarvagya Kr. Srivastava)
Chief Engineer (F-1)
