**INSPECTION REPORT OF SARVAGYA KR. SRIVASTAVA, CHIEF
ENGINEER IN RESPECT OF BUILDING PROJECT ZONE, B-2**

DATED 26.4.2014

A meeting was held with all the Project Managers and Executive Engineers of Building Project Zone (B-2) to work out the optimum requirement of manpower for various operations and maintenance activities and for running normal business in various offices under the Zone due to shortage of regular staff. EEs were directed to assess the requirement based on actual need. The same would be reviewed by the concerned Project Manager so that a standard for the requirement could be fixed and the quantum of outsourcing could be decided.

Entire requirement would then be consolidated and tenders would be floated for outsourcing through a professional agency who would ensure that all labour welfare measures are adhered to and full payment to the employees engaged by them are made online by the due date online.

It was decided to carry out automation of entire water supply system in all the campuses being maintained by this Zone. A presentation in this regard was made by experts from Recktronic Devices & Systems. It was decided to get the proposals for all hospital complexes prepared immediately so that automation of entire water supply system could be implemented immediately. Similar exercises will subsequently be carried out for automation of electrical distribution system, operation of DG sets and monitoring of lift operations in all the hospitals.

**(Sarvagya Kr. Srivastava)
Chief Engineer (B-2)**
