**INSPECTION REPORT OF SARVAGYA KR. SRIVASTAVA, CHIEF
ENGINEER IN RESPECT OF BUILDING PROJECT ZONE, B-2**

DATED 29.5.2014

Chief Secretary visited GB Pant hospital. A presentation was made by the Director, GB Pant hospital. PWD was requested to complete installation of CCTV cameras in the complex expeditiously.

To increase the number of beds in the hospital, it was proposed to construct a new building in the plot adjacent to the auditorium where CPWD offices and stores are located. The site was visited by the Chief Secretary, Secretary (PWD), Secretary (Health), E-in-C (PWD) and other officers of PWD and Director GB Pant hospital and his team.

The overhead tank which has outlived its life has to be demolished immediately and a plan has to be prepared for construction of the new building. For this, PM-23 should get the site survey done immediately and collect the requirement for the new building from the Director, GB Pant hospital. It was decided that the present Enquiry-cum-residential complex of CPWD may be shifted to the other side of the plot and this area, closer to the auditorium, should be used for construction of new building. E-in-C, PWD directed that PWD may prepare the building plan in-house using the services of our own architects. PM, B-23 & PM, B-24 to take action immediately in this regard. The new building should have the provision for parking in two levels of the basement.
