**INSPECTION REPORT OF SARVAGYA KR. SRIVASTAVA, CHIEF
ENGINEER IN RESPECT OF BUILDING PROJECT ZONE, B-2**

DATED 17.6.2014

Attended meeting with the MS, GB Pant Hospital to discuss about various works to be undertaken in the hospital including C/o new building – its requirements, connectivity with GNEC, connectivity between the existing hospital building and newly constructed EDP Block, installation of CCTV cameras, construction of additional floor over the existing single storey building near the gate and other works of beautification in the entire campus.

A round of the hospital was taken with the Director and MS of GB Pant Hospital and concerned PWD officers to explore the possibility of construction of peripheral road and connectivity with GNEC. The connection between the two buildings needs to be modified as it disturbs the equipment of radiology in the existing building. PM, B-23 to modify the layout of the connecting passage accordingly as discussed at the site.

PM, B-24 to prepare proposal for concealing all the hanging wires in the corridors in the channels to be fixed on the side walls of the corridor. This should be done immediately as the hanging wires present a very shabby look. Scheme of CCTV cameras to be finalized soon and its estimate to be revised as per the requirement of the hospital.

**(Sarvagya Kr. Srivastva)
Chief Engineer (B-2)**
