

F. No. 23(18)/SE/South East (M)/PWD/2017-18/ 29/2

dt. 13/7/17

INSPECTION NOTE

Inspection done by Superintending Engineer (South East) M, dated.13.07.2017 time
12.30 to 1.30 PM.

- Inspection of improvement of drainage system in Sujan Singh Mahindar Road, New Friends Colony Road, Sarita Vihar Road and Batla House Road are carried out along with Assistant Engineer Shri Sudarshan Kumar.
- Accordingly during the site visit the deficiencies and slow progress of the work is asked that by doing personally efforts the speed of the work may be increased form the agency. Similarly disposal of unwanted malba/earth are also to be disposed of at the earliest so that due to rainy season it may not go to the drains. The safety precautions must be taken by the agency. Accordingly he should be instructed through Site Order Book also.
- The ROW is to be dealt with the construction of drains in such a way that neither drainage nor footpath as well as greenery should be disturbed. The bell mouth/chambers are to be taken care so that while completing the work the drainage as well as traffic flow should not affected finally on any road which has been explained practically at site.
