

C&ND CIRCLE

Black Spot of 2015

S. No.	Black Spots	ATR	Office
1/4	ISBT Kashmiri Gate (8, Ring Road)	Road & Underpass have already been widened near Nigam Bodh Ghat for free flow of traffic. Work has already been completed during 2018-19.	C&ND Circle
2/7	Majnu Ka Tila (7, Outer Ring Road)	The intersection is also accidental black spot identified by DTP during 2015, Primary reason due to unauthorized parking of vehicle in the bus lane on both side of road due to which fast moving vehicle coming from Wazirabad flyover and signature bridge suddenly obstructed by congestion on the main carriageway. No action on the part of PWD as the width of both side carriageways is sufficient enough for smooth movement of traffic.	C&ND
3/9	Shanti Van (6, Ring Road)	Improvement of shantivan intersection has been made to chanelize traffic including widening of road.	C&ND Circle
