No. 23(106)/Flood Control/SE/C&ND/PWD/2021-22/26-E

Date : 21/6/21

Sub: Flood Control Order-2021.

PWD Flood Control Order 2021 is hereby issued for circulation and record. This PWD Flood Control Order is in line with Flood Control Order of GNCTD.

The details of roads, vulnerable locations, duty roster and control rooms of various departments in GNCTD dealing with monsoon/flood situation have been prepared in book form and is sent herewith for information and guidance of the officers dealing with monsoon/flood situation in PWD.

This order also contains highlights of modus operandi of PWD duties and operation of PWD Control Room etc. All field staff is directed to take necessary steps to prevent waterlogging and flooding.

Any suggestion or connection in this book may kindly be brought to the notice of undersigned.

INTRODUCTION

PWD, GNCTD is responsible for 1260 Km of PWD road network in Delhi including 810 Km of MCD road network taken over by PWD. The aggregate length of drains along PWD roads is 2054 km. The department is also creating assets like Government office buildings, residential complexes, bridges & flyovers, subways, underpasses etc. for the Government and maintaining them. PWD's Motto has always been "**Building Delhi**".

PWD has kept alive the spirit of dynamicity, versatility and diversity of Delhi. Ensuring safe and non-stop passage to all kinds of road transport and pedestrians in all weather has been priority for PWD. With the same intent PWD is prepared to face Monsoon 2021.

Monsoon season generally sets in every year from 29th June. In 2021, as per IMD forecast Monsoon will set in from 15th June. Officially withdrawal of monsoon is from 15th October or when withdrawal of Monsoon is declared by Central Water Commission, whichever is later.

The territory of Delhi has been experiencing floods mainly from River Sahibi (passing through Najafgarh Drain in Delhi) and River Yamuna. The situation becomes critical when these rivers are flooded and there are rains in the territory of Delhi. Drainage system gets overloaded causing water logging and flooding in the City.

A close liaison is maintained by PWD with GNCTD's Flood Control Department and Disaster Management Cell under Divisional Commissioner-cum-Principal Secretary (Revenue) which in turn have close liaisoning with U.P. Irrigation Department for timely opening of gates at Chilla regulator and Okhla Barrage.

Action Plan for prevention of waterlogging

Desilting of Drains – Desilting work is started from March and completed before onset of Monsoon. Thereafter, it is continued as per requirement till the end of Monsoon.

Pumping of storm water – PWD storm water drains terminate in larger drains being maintained by other departments. In some cases, the flow is by gravity, whereas in large number of cases storm water is pumped from permanent pump houses. Either flows by gravity. All the pumps are made functional before monsoon and verified to ensure no failure during monsoon.

Watch list of vulnerable locations—Traffic Police provides list of waterlogging locations every year after monsoon. Such locations are inspected by Senior Officers of PWD with Officers of other departments, if required, to identify and monitor short term and long term measures required to address the problem. All such points are kept on watch list and field units are geared up to attend to any waterlogging on short notice.

Other preparations

For Buildings:

- Roof tops are cleaned; drainage system/outlet points are checked thoroughly.
- Pumping arrangements are made at vulnerable points.
- Necessary materials required to tackle leakages in buildings are available at the enquiry offices of PWD.

For Roads, Flyovers and Underpass:

- Drainage system is checked.
- Road repairs are carried out before monsoon.
- Additional pumping arrangement is made at vulnerable locations by the Electrical wing of PWD and availability of Pump operators is ensured round the clock during monsoon season.
- Mobile pumps are also kept ready near the vulnerable locations under the charge of concerned EE of the location.
- Maintenance vans for emergency are also kept ready, one in each division under the charge of Executive Engineer, Road Maintenance. This van is equipped with necessary road-repair materials, cold emulsion, Shelmac, Aggregates, Four workers and one mason for immediate repair of the damages occurred during monsoon. The time schedule for such minor repairs has been kept as **2 hours to 1 day** from the time of knowledge of such damages suo-moto or through PWD Flood Control Room.
- For severe damages due to heavy rainfall, etc. a time line of one week is fixed to repair.
- Maintenance vans are also engaged by Electrical and Horticulture units to handle any contingencies.

Central Flood Control Room of GNCTD

A Central Flood Control Room is established which functions round the clock in the Office of the D.C. (East) L.M. Bund, Shastri Nagar, Delhi. w.e.f. 15th June 2021 to 15th Oct. 2021 or till monsoon withdraws, whichever is later. The S.D.M. Preet Vihar is the Officer-in-charge of the Central Flood Control Room. Contact Telephone No. of this Control Room is 22051234 (Disaster Management Cell, 22428773, 22428744).

Monitoring and Coordination Mechanism

For monitoring the activities of desilting of Storm Water drains and to address water logging issues, an Inter-Departmental Coordination Committee has been formed by consensus of all departments. Secretary, PWD is the Coordination Committee Chairman and other members are senior officers from PWD, NDMC, EDMC, NoDMC, I & FC, Delhi Cantonment Board, DDA, DJB, DSIIDC, DIAL, NHAI, Railways, DMRC, DUSIB, etc. Meetings of the committee are held on regular basis to resolve inter-departmental issues, monitor desilting works, monitor and check waterlogging vulnerable locations, etc.

The Coordination Committee monitors the following activities:

- i) Desilting of storm water drains and sewers.
- ii) Cleaning of Municipal Solid Waste from drains.
- iii) Addressing and resolving waterlogging vulnerable locations to check recurrence.
- iv) Status of operation of storm water pumps.
- v) Inspection and cross inspection of desilting works and operation of pumps.
- vi) Inter-departmental issues.

Modus Operandi of PWD

- Regular Review Meetings and Inspections are held at all levels upto Engineer-in-Chief and Secretary, PWD for arrangements of tackling monsoon related problems.
- Waterlogging vulnerable locations /reaches are identified and inspected by Chief Engineers and Superintending Engineers to monitor short term and long term measures taken.
- Storm water pumps are also inspected by Superintending Engineers and Chief Engineers to ensure functioning.
- Necessary arrangements for de-watering are made.
- Necessary arrangements of men, machinery and materials are made based on the experience of previous rainy seasons and deployed accordingly.
- A PWD Flood Control Room is setup at PWD HQ i.e. at E-in-C/ PWD office at 12TH Floor, MSO Building, I P Estate, New Delhi-110002 with **Phone Number 011-23490323, Whatsapp Number 8130188222 and toll free no 1800-11-00-93 working 24X7** and manned by Assistant Engineers and Computer Operators.
- Control Rooms are set up at Divisional levels which are also manned by AE(P) of Division office as Nodal officer for that division and directly interact with PWD Control Room and Circle office in monitoring the Complaints/Reports.
- Daily Rain reports (in prescribed format) are submitted by the Division office at 10.00 Hrs to the circle office and circle office in turn further submitted to PWD Control Room by 12.00 Hrs which after compilation are submitted to the E-in-C, Principal Secretary PWD, Chief Secretary and the office of the Hon'ble Minister of PWD by 15.00 Hrs. Special report may also be asked by the PWD Flood Control Room when heavy downpour occurs and continues for a longer duration.
- The rain report includes numbers and details of complaints received on previous day and redressed, points of water logging, flooding, and status, damages on roads, buildings, etc. and action taken thereof to redress the complaints.

- **THEREPORT IS SUBMITTED ON ALL RAINY DAYS, EVEN IF NO COMPLAINT IS RECEIVED, TILL MONSOON IS DECLARED AS WITHDRAWN BY THE CENTRAL WATER COMMISSION (CWC).**
- Daily Rain reports in standard format, which includes besides Rain, report of field, the daily forecast and rainfall in the catchments area of river Yamuna, if any, as received from C.W.C and India Meteorological Department are sent to important offices of Delhi Government like L.G. House, C.M. office, C.S. office, Minister's offices and other concerned Chief Engineers of PWD.
- Calls given to PWD officers from the PWD Flood Control Room are always given highest priority.

Duties and operation of Central Control Room

- (i). To receive daily discharge from Tajewala Head Works (Now Hathni Kund Head Works) through Central Water Commission (C.W.C.) during flood/Monsoon season, likely time of reaching such flood water in Delhi and to intimate the Department through CEs. (Discharge from Tajewala takes 36 to 72 hours to reach Delhi depending on quantum of discharge).
- (ii). The rainfall data in the catchments area of river Yamuna is received through Indian Meteorological department.
- (iii). All EEs dealing with flood/Monsoon situation are instructed to place necessary materials, emergency Maintenance Van, Mobile pumping units, check all permanent pumping stations in running condition. These materials and machinery shall be kept near vulnerable points for use in case of any emergent need.
- (iv). During high floods situation, the EEs deputed on the road front are also supplemented /assisted by other EEs as per exigency of the situation.
- (v). Complaints from the Public or from any control rooms set up by various agencies in Delhi will be recorded in computer and will be forwarded to the concerned Officer-in-Charge of affected area, not below the rank of the Executive Engineer. For problems of high priority, the Chief Engineer concerned shall be informed.
- (vi). The concerned EE-in-Charge shall take emergent action to redress the problem/complaint within 2 hours to 1 day of its receipt and report to the PWD Flood Control Room depending on nature of complaint. The PWD Flood Control Room then passes the feedback to the complainant, if his contact number is available with the department.
- (vii). The departmental officers may also inform the PWD Flood Control Room about any such problem whenever they see in their own even if the problem pertains to others jurisdiction. This will also be dealt with as in para (vi) above.
- (viii). If feedback report is not received within time specified above, the concerned Superintending Engineer shall be informed and if no feedback/report is received, even from him, then the Chief Engineer concerned shall be informed for necessary action at his level for redressal of the complaint/problem by necessary administrative/technical actions.

- (ix). It is expected that on duty officer in PWD Flood Control Room shall deal with the complainant wisely and in an amiable manner.
- (x). Senior officers may visit the PWD Flood Control Room at any time and get feedback regarding situation prevailing at that point of time in entire PWD.
- (xi). The PWD Flood Control Room shall be provided with necessary details of Roads, Flyovers, etc. along with list of concerned officers from the level of Junior Engineer to Chief Engineer.

Functions to be performed by Assistant Engineer in Control Room

- (i) AE on duty has to analyse the type of complaint received/attended and responded by the respective field unit.
- (ii) AE to continuously monitor all the complaints and analyse them for their seriousness and frequency of occurrence at any particular location.
- (iii) Any serious complaint should be brought to the notice of concerned officers of the department by the AE through telephone call /message etc.
- (iv) He should monitor the compliance reports coming from field units and be updated about overall problem, response of the field units for answering queries from senior officers overseeing the situation.
- (v) In case timely action taken report/ response does not come in or the response is delayed from any field unit, it should be brought to the notice of higher officers including SEs, CEs, Pr.CE(M), E-in-C.
- (vi) Complainant should not be asked to contact field officers i/c EE/AE.

Information relating to the road network of PWD along with the telephone numbers of the concerned officers who may be contacted in connection with water logging/ flooding on PWD Roads is available at **Annexure-I (Page 19 to Page 95).**

Details of important telephone numbers and addresses of various authorities, various Control Rooms of Delhi & Central Govt. are also given in the **Annexure-II (Page 96 to Page 125).**
